

Full-time and Part-time Academic Programs

Need-Based Financial Assistance is Available

Full-Time Program

Sora's full-time, year-round program. This is all-inclusive enrollment in our private virtual high school. Upon graduation, we will issue an official Sora transcript for students. Schedules are flexible, but students must complete 180 days in a year.

- Weekly Project Manager meetings
- Weekly STEM and Humanities Experts meetings
- Weekly Counselor sessions
- Weekly group sessions

- Mastery-based credits, tracking for Sora-Issued transcript

- Daily morning standup
- Online resources such as Slack, our virtual school space, Zoom, Notion
- Weekly student club meetings
- Special topics workshops and activities
- Career-oriented resources

Part-Time STEM Program

Part-time, project based learning within Math, Science, Computer Science, and Engineering. Focuses on designing and managing projects for students, general career exposure and discovery, and involvement in the Sora community. **Best for families that are already homeschooling.**

- Weekly 1:1 with **STEM Expert**
- 1 Counselor session per month
- Weekly group sessions

- Constantly tracking credits for homeschool transcripts

- Participation in the daily morning standup
- Unlimited access to Slack
- Unlimited access to our online school space
- Unlimited access to club meetings
- Unlimited access to special topics workshops and activities

Part-Time Humanities Program

Project based learning within English, History, Psychology, and Economics. Focuses on designing and managing projects for students, general career exposure and discovery, and involvement in the Sora community. **Best for families that are already homeschooling.**

- Weekly 1:1 with **Humanities Expert**
- 1 Counselor session per month
- Weekly group sessions

- Constantly tracking credits for homeschool transcripts

- Participation in the daily morning standup
- Unlimited access to Slack
